CLASS DESCRIPTION: Sewing for dogs! For those of you who love your dogs or their masters, we have a series of classes for you. Our first project will be 1"-wide leashes and 5/8"-wide Martingale-style collars. You'll also get hardware for a traditional clip collar. Make your own matching leash and collar for that special divine canine. Leash clip is the superior trigger-style and better than most on the market. Plus, you can custom embroider or decorative stitch your leash in class.
