Session #2 Aug 26<sup>th</sup> #20118  
Session #3 Sept 2<sup>nd</sup> #20119

**Time:** 10am-noon

**Description:** If you are new to digitizing and want to learn how to create spectacular embroidery designs, then this series of classes is for you. Join Sarah and have fun with:

## **Session 1: Outline Stitches (August 19)**

Using some very simple and basic shapes, learn how to use outline stitches to create beautiful results. We will experiment with all 9 of the outline stitches available, and will learn how to change the default options to create the look that you desire. Create even more stunning results by combining 2 outline stitches to the same shape.

## **Session 2: Fill Stitches (August 22)**

Still using some very simple and basic shapes, learn how to use fill stitches to create beautiful results. We will focus on Blackwork fill, Candlewicking fill, Lacework and Pattern fill, learning how to change the default options to create the look that you desire. And it's also possible to combine 2 fill stitches to the same shape for stunning effect.

## **Session 3: Closed Curves, Holes and More (Sept 2)**

Now that you are feeling more comfortable with outlines and fills, let's create some more advanced shapes using the closed curve tool. Then let's play with the hole making cookie cutter to add pizzazz to your shapes.
